At this point we will assume that the game was terminated, i.e., through loss of connection or because the user chose do.

200220-1454001

Now we come to a point where the user wishes to continue the game of "Alien Fish Exchange" they were playing before, so the user repeats the login process as before. But this time when they come to select the game they want (in this case "Alien Fish Exchange"), the user is given the opportunity to continue their current game.
